

bains @ du cap

In a bygone era, our journey began with a timeless past guiding us towards an unwavering focus on the future. We understand that your bathroom is more than just a space; it's your sanctuary, a reflection of your unique style and needs. Bains Du Cap stands proudly as a haven, where skilled artisans, renowned for their expertise and heritage in the art of bathroom craftsmanship, converge.

At Bains Du Cap, we uphold a philosophy rooted in continuous improvement — where excellence is not a destination but a journey. We are deeply ingrained in South African culture, connected through a network of esteemed factories. Our foundation rests on the belief that quality starts with superior materials, where every intricate detail of design and every stroke of craftsmanship is held in the highest regard.

What is StoneTec⁴

StoneTec Solid Surface Stone cast baths are meticulously crafted using a precise blend of premium materials such as natural stone, aggregates and resins. This exclusive mixture is expertly poured into specialized molds, where it undergoes a carefully monitored curing process to ensure optimal strength and durability. Each bath is then meticulously finished and rigorously inspected to meet our high standards before being elegantly installed in your space.

StoneTec Benefits

-  **Superior hygiene**
We recommend Bains du Cap Solid Surface Bath Cleaner, an easy-to-use spray on wipe off system, available from Bains du Cap produced using environmentally friendly ingredients and supplied in a reusable Aluminum trigger bottle.
-  **Warm to the touch**
With natural insulation properties water stays warmer for longer.
-  **Strong and Durable**
StoneTec is formulated to withstand day to day use with twice the strength to offer years of durable beauty.
-  **Shock, Stain and Scratch Resistant**
Scratches and minor chips can be removed with ease by using P400 Sand paper – No polishing needed. Major chips can be filled with SSC Resin Mix (Available from Bains du Cap) Then sanded with P220 followed by P400 sand Paper.

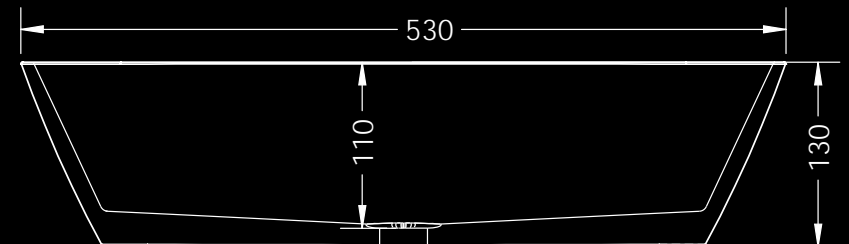

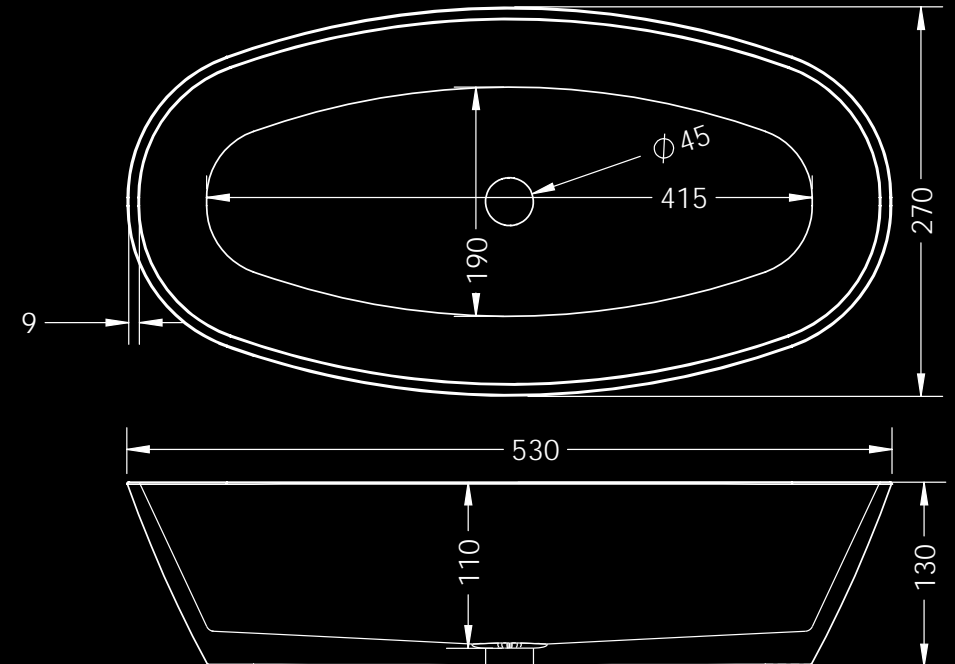

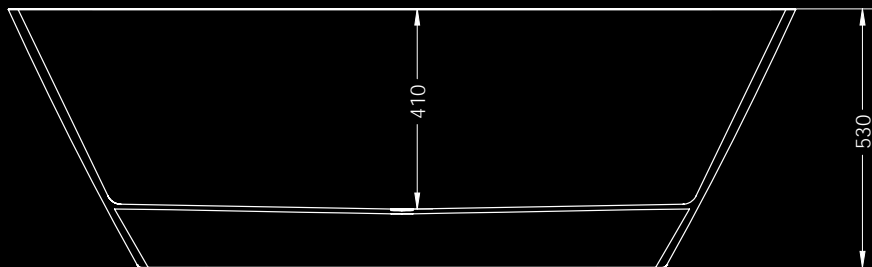

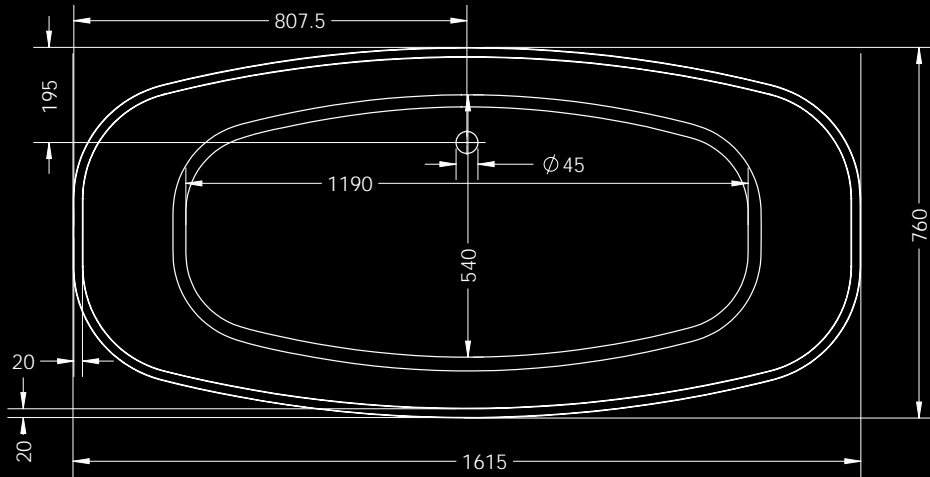

CHEVAL

Cheval, true to its name, epitomizes the epitome of luxury. Its graceful curves not only provide unparalleled back support but also serve as a testament to its exquisite craftsmanship. Every line of Cheval accentuates its opulent design, ensuring a blend of functionality and elegance that exceeds expectations.

7

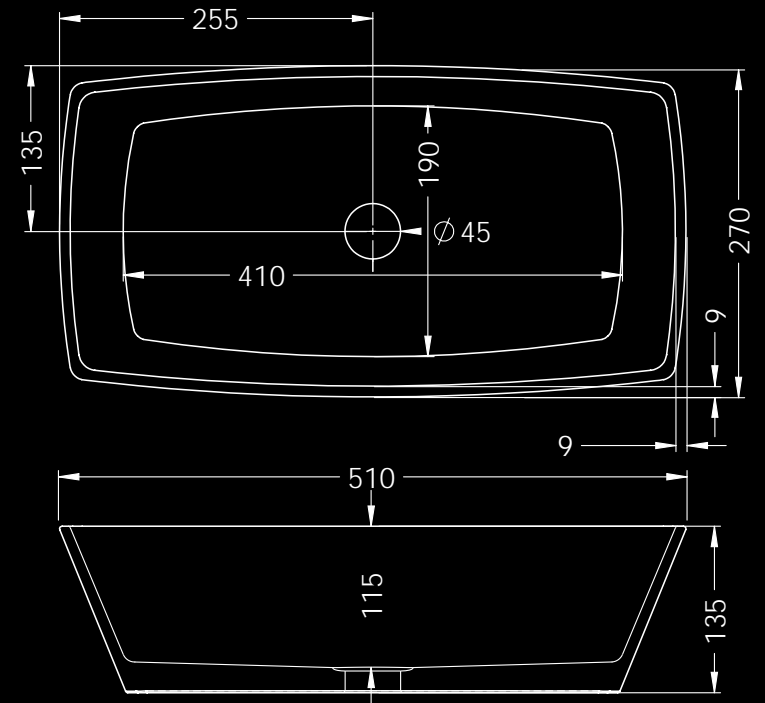

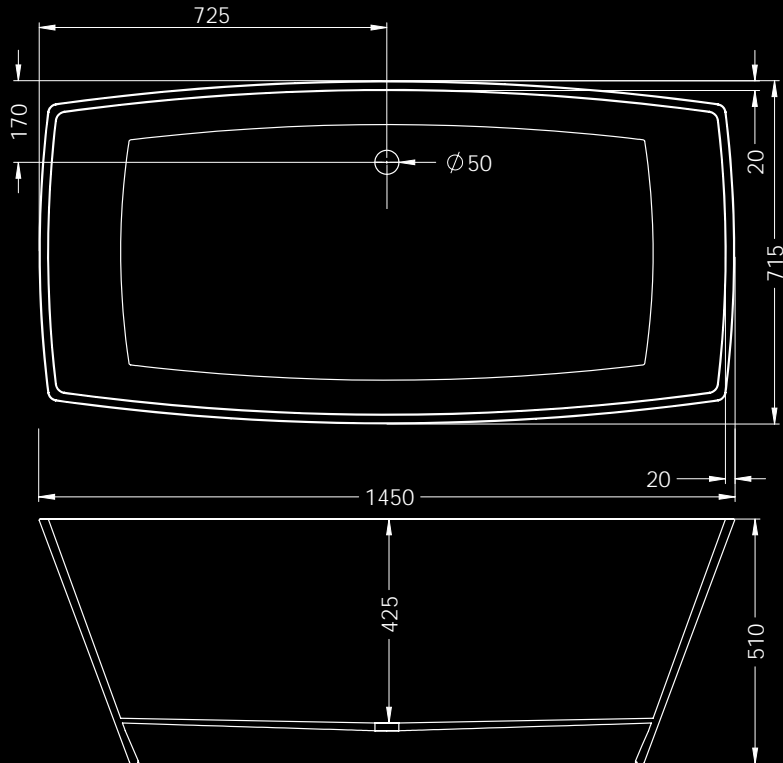

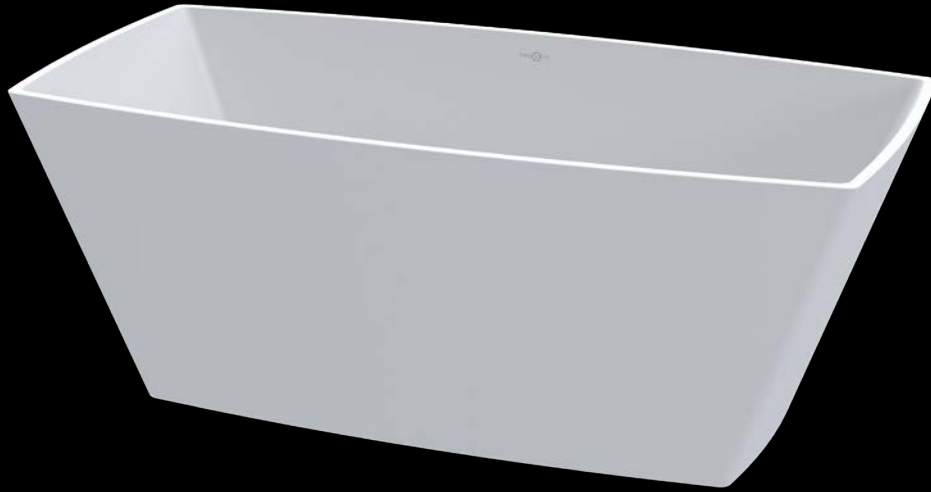

EVIAN

Evian exudes a sense of depth and compactness, measuring just under 1500mm in length, making it ideal for smaller spaces that demand style without compromise. Its cubic design sets it apart from other baths offered by BDC, ensuring it stands out effortlessly. Whether nestled in a cozy corner or showcased prominently, Evian promises to elevate any bathroom with its distinct charm and functionality.

9

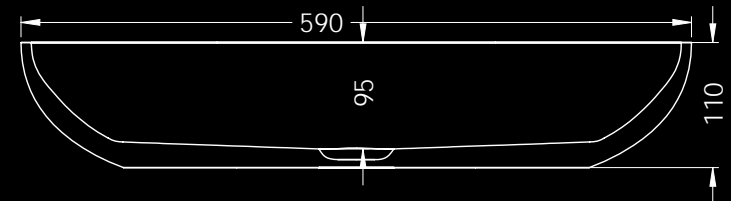

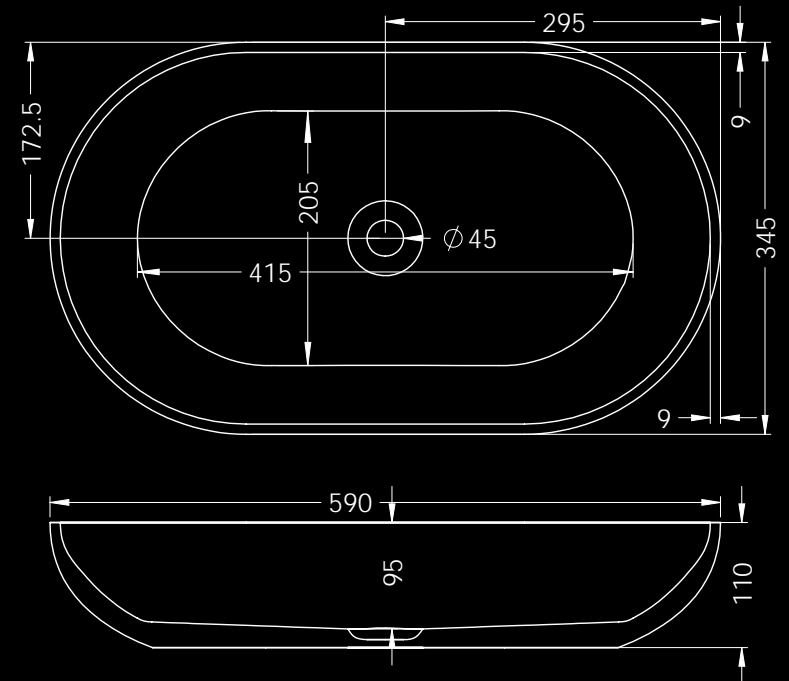

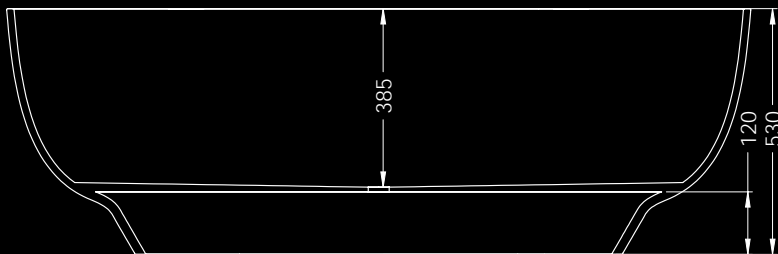

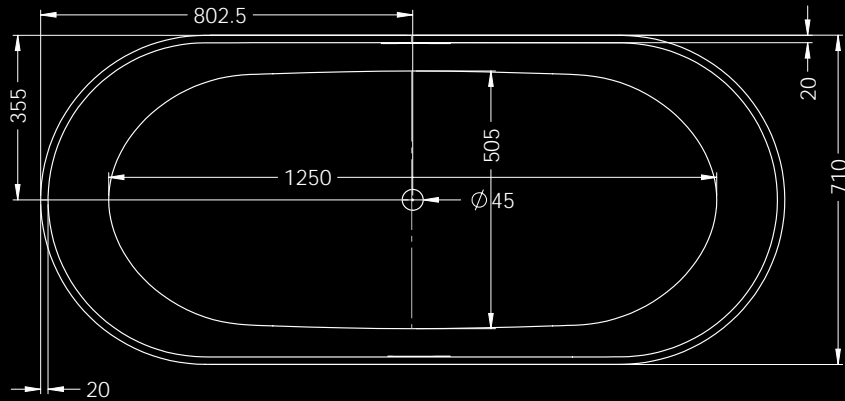

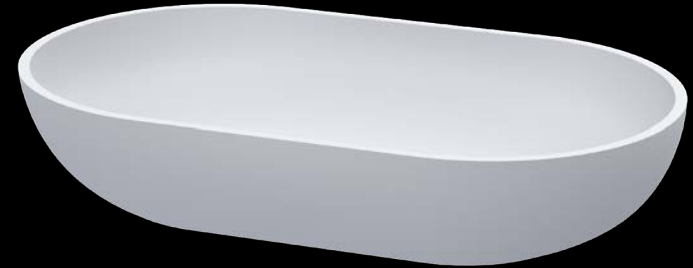

DINARA

The Dinara bath's sculpted form transforms any modern bathroom into an elegant sanctuary. While compact among BDC's offerings, it strikes the perfect balance between size and comfort. Enhanced by its compatibility with a freestanding mixer, the Dinara bath becomes not just a functional fixture, but a sophisticated centerpiece that enhances the aesthetic appeal of any space it graces.

11

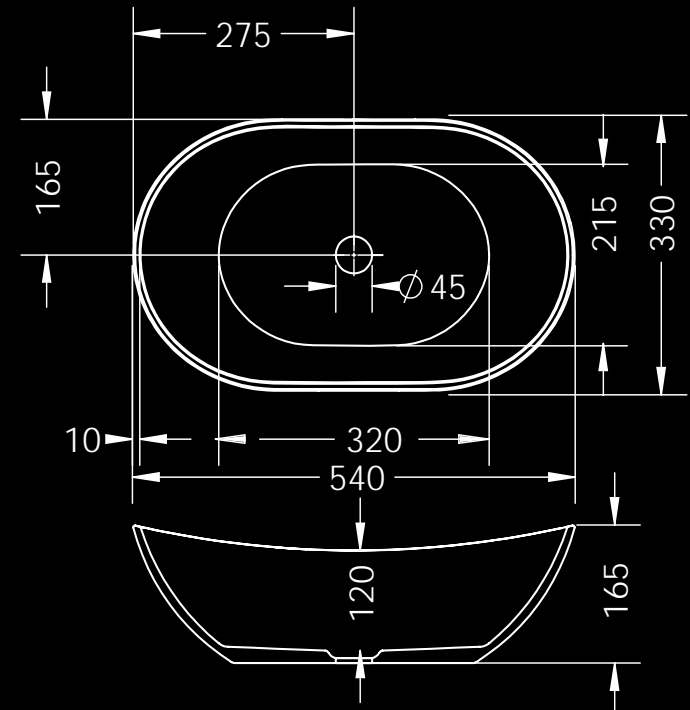

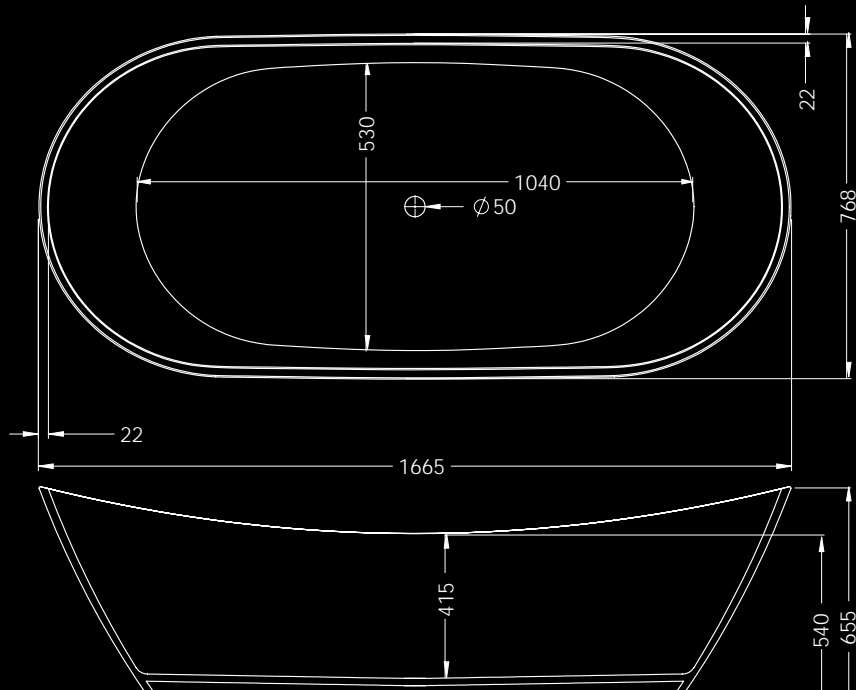

SKYE

Skye brings comfort and style together effortlessly. Its smooth, flowing curves are designed for great back support and reflect the care put into every detail. With its eye-catching shape, it's sure to stand out in any space.

13

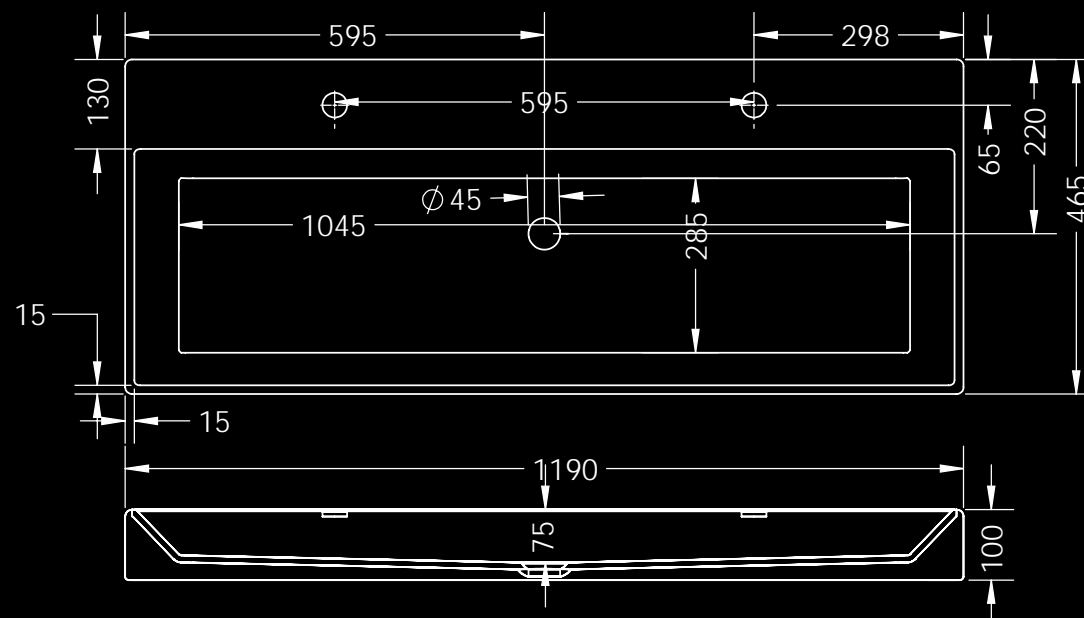

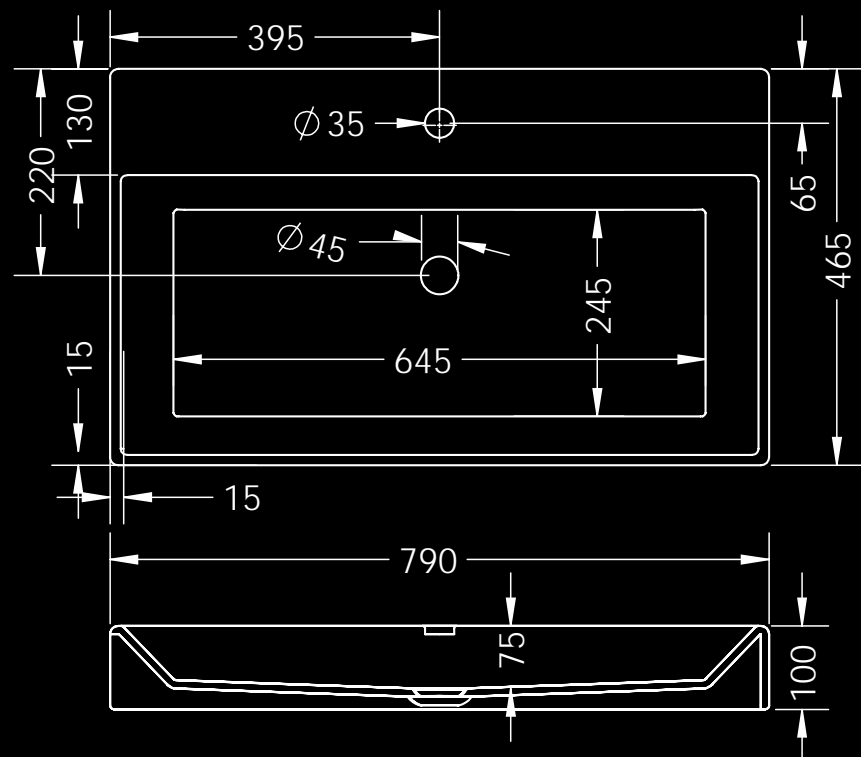

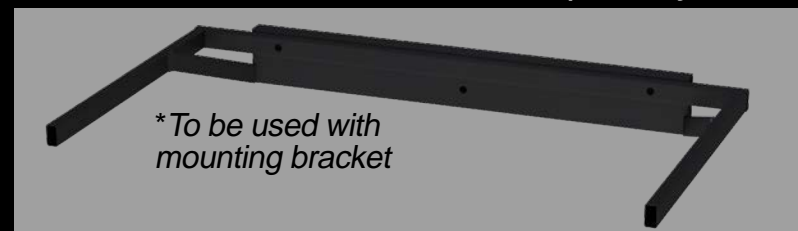

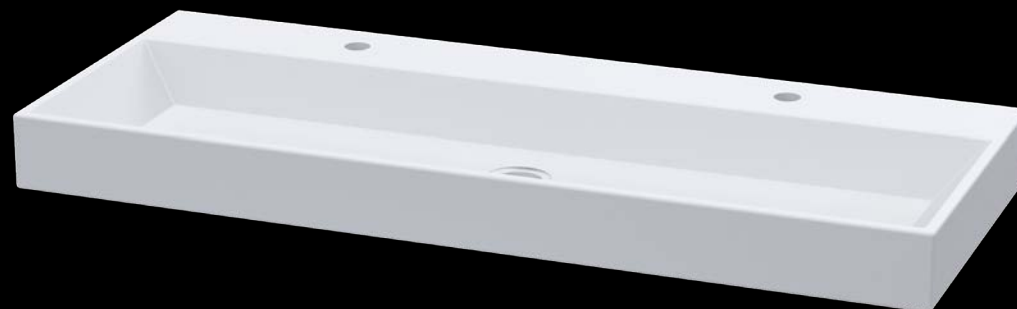

KYLA

Kyla Solid Cast Bracket-Supported Basins are the latest addition to StoneTec's acclaimed collection of innovations. Featuring a bold, substantial form with refined, slim edges, they offer the perfect fusion of rustic charm and modern elegance

**Brackets sold separately*
